Educational Achievement

SCIENCE ACHIEVEMENT IN THE
PRIMARY SCHOOL YEARS:
IEA'S THIRD INTERNATIONAL MATHEMATICS
AND SCIENCE STUDY (TIMSS)

Michael O. Martin
Ina V.S. Mullis
Albert E. Beaton
Eugenio J. Gonzalez
Teresa A. Smith
Dana L. Kelly

June 1997

Funding for the international coordination of TIMSS is provided by the U.S. National Center for Education Statistics, the U.S. National Science Foundation, the IEA, and the Canadian government. Each participating country provides funding for the national implementation of TIMSS.

Boston College is an equal opportunity, affirmative action employer.

Printed and bound in the United States.

Contents

EXECUTIVE SUMMARY	1
INTRODUCTION	7
Which Countries Participated?	8
Table 1 TIMSS Countries Testing in the Primary Grades	9
Table 2 Information About the Grades Tested	11
What Was the Nature of the Science Test?	12
How Do Country Characteristics Differ?	13
Table 3 Selected Demographic Characteristics of TIMSS Countries	14
Table 4 Public Expenditure on Education at Primary and Secondary Levels in TIMSS Countries	15
Figure 1 Centralization of Decision-Making Regarding Curriculum Syllabi	17
Figure 2 Centralization of Decision-Making Regarding Textbooks	18
Figure 3 Centralization of Decision-Making Regarding Examinations	19
CHAPTER 1: INTERNATIONAL STUDENT ACHIEVEMENT IN SCIENCE	21
What Are the Overall Differences in Science Achievement?	21
Table 1.1 Distributions of Achievement in the Sciences - Upper Grade (Fourth Grade)	22
Figure 1.1 Multiple Comparisons of Achievement in the Sciences - Upper Grade (Fourth Grade)	23
Table 1.2 Distributions of Achievement in the Sciences - Lower Grade (Third Grade)	26
Figure 1.2 Multiple Comparisons of Science Achievement - Lower Grade (Third Grade)	27
What Are the Increases in Achievement Between the Lower and Upper Grades?	28
Table 1.3 Achievement Differences in the Sciences Between Lower and Upper Grades (Third and Fourth Grades)	29
What Are the Differences in Performance Compared to Three Marker Levels of International Science Achievement?	30
Table 1.4 Percentages of Students Achieving International Marker Levels in the Sciences Upper Grade (Fourth Grade)	31
Table 1.5 Percentages of Students Achieving International Marker Levels in the Sciences Lower Grade (Third Grade)	32
What Are the Gender Differences in Science Achievement?	33
Table 1.6 Gender Differences in Achievement in the Sciences - Upper Grade (Fourth Grade)	34
Table 1.7 Gender Differences in Achievement in the Sciences - Lower Grade (Third Grade)	35

What Are the Differences in Median Performance at Age 9?	36
Table 1.8 Median Science Achievement of 9-Year-Old Students	37
How Does Fourth-Grade Performance Compare with Eighth-Grade Performance?	38
Figure 1.3 Science Performance at Fourth and Eighth Grades Compared with the International Averages	39
Table 1.9 Increases in Science Performance Between the Fourth and Eighth Grades	41
CHAPTER 2: AVERAGE ACHIEVEMENT IN THE SCIENCE CONTENT AREAS	43
How Does Achievement Differ Across Science Content Areas?	43
Table 2.1 Average Percent Correct by Science Content Areas - Upper Grade (Fourth Grade)	45
Table 2.2 Average Percent Correct by Science Content Areas - Lower Grade (Third Grade)	46
Table 2.3 Profiles of Relative Performance in Science Content Areas - Lower and Upper Grades (Third and Fourth Grades)	48
What Are the Increases in Achievement Between the Lower and Upper Grades?	49
Figure 2.1 Difference in Average Percent Correct Between Lower and Upper Grades (Third and Fourth Grades) Overall and in Science Content Areas	50
What Are the Gender Differences in Achievement for the Content Areas?	53
Table 2.4 Average Percent Correct for Boys and Girls by Science Content Areas Upper Grade (Fourth Grade)	54
Table 2.5 Average Percent Correct for Boys and Girls by Science Content Areas Lower Grade (Third Grade)	56
CHAPTER 3: PERFORMANCE ON ITEMS WITHIN EACH SCIENCE CONTENT AREA	59
What Have Students Learned About Earth Science?	59
Table 3.1 Percent Correct for Example Item 1 - Lower and Upper Grades (Third and Fourth Grades)	63
Table 3.2 Percent Correct for Example Item 2 - Lower and Upper Grades (Third and Fourth Grades)	64
Table 3.3 Percent Correct for Example Item 3 - Lower and Upper Grades (Third and Fourth Grades)	66
Table 3.4 Percent Correct for Example Item 4 - Lower and Upper Grades (Third and Fourth Grades)	67
Table 3.5 Percent Correct for Example Item 5 - Lower and Upper Grades (Third and Fourth Grades)	68
Figure 3.1 International Difficulty Map for Earth Science Example Items	69

What Have Students Learned About Life Science?	70
Table 3.6 Percent Correct for Example Item 6 - Lower and Upper Grades (Third and Fourth Grades)	73
Table 3.7 Percent Correct for Example Item 7 - Lower and Upper Grades (Third and Fourth Grades)	74
Table 3.8 Percent Correct for Example Item 8 - Lower and Upper Grades (Third and Fourth Grades)	75
Table 3.9 Percent Correct for Example Item 9 - Lower and Upper Grades (Third and Fourth Grades)	76
Table 3.10 Percent Correct for Example Item 10 - Lower and Upper Grades (Third and Fourth Grades)	78
Table 3.11 Percent Correct for Example Item 11 - Lower and Upper Grades (Third and Fourth Grades)	79
Figure 3.2 International Difficulty Map for Life Science Example Items	80
What Have Students Learned About Physical Science?	81
Table 3.12 Percent Correct for Example Item 12 - Lower and Upper Grades (Third and Fourth Grades)	83
Table 3.13 Percent Correct for Example Item 13 - Lower and Upper Grades (Third and Fourth Grades)	84
Table 3.14 Percent Correct for Example Item 14 - Lower and Upper Grades (Third and Fourth Grades)	85
Table 3.15 Percent Correct for Example Item 15 - Lower and Upper Grades (Third and Fourth Grades)	86
Table 3.16 Percent Correct for Example Item 16 - Lower and Upper Grades (Third and Fourth Grades)	87
Table 3.17 Percent Correct for Example Item 17 - Lower and Upper Grades (Third and Fourth Grades)	88
Figure 3.3 International Difficulty Map for Physical Science Example Items	89
What Have Students Learned About Environmental Issues and the Nature of Science?	90
Table 3.18 Percent Correct for Example Item 18 - Lower and Upper Grades (Third and Fourth Grades)	92
Table 3.19 Percent Correct for Example Item 19 - Lower and Upper Grades (Third and Fourth Grades)	94
Table 3.20 Percent Correct for Example Item 20 - Lower and Upper Grades (Third and Fourth Grades)	95
Table 3.21 Percent Correct for Example Item 21 - Lower and Upper Grades (Third and Fourth Grades)	96
Figure 3.4 International Difficulty Map for Environmental Issues and the Nature of Science Example Items	97
CHAPTER 4: STUDENTS' BACKGROUNDS AND ATTITUDES TOWARDS THE SCIENCES	99
What Educational Resources Do Students Have in Their Homes?	99
Table 4.1 Students' Reports on Educational Aids in the Home: Dictionary, Study Desk/Table, and Computer	100
Table 4.2 Students' Reports on the Number of Books in the Home	102
Table 4.3 Students' Reports on Frequency with Which They Speak the Language of the Test at Home	103
Table 4.4 Students' Reports on Whether or Not Their Parents Were Born in the Country	104
Table 4.5 Students' Reports on Whether or Not They Were Born in the Country	106

What Are the Academic Expectations of Students, Their Families, and Their Friends?	107
Table 4.6 Students' Reports on Whether They Think That It Is Important to Do Various Activities	109
Table 4.7 Students' Reports on Whether Their Mothers Think That It Is Important to Do Various Activities	110
Table 4.8 Students' Reports on Whether Their Friends Think That It Is Important to Do Various Activities	111
How Do Students Spend Their Out-of-School Time During the School Week?	112
Table 4.9 Students' Reports on the Amount of Out-of-School Time Spent Studying Science or Doing Science Homework on a Normal School	113
Table 4.10 Students' Reports on How They Spend Their Leisure Time on a Normal School Day	114
Table 4.11 Students' Reports on the Hours Spent Watching Television and Videos on a Normal School Day	116
How Do Students Perceive Success in Science?	117
Table 4.12 Students' Reports on Their Self-Perceptions About Usually Doing Well in the Sciences	118
Figure 4.1 Gender Differences in Students' Self-Perceptions About Usually Doing Well in the Sciences	119
Table 4.13 Students' Reports on Things Necessary to Do Well in the Sciences	120
What Are Students' Attitudes Towards Science?	121
Table 4.14 Students' Reports on How Much They Like Science	122
Figure 4.2 Gender Differences in Liking the Sciences	123
Table 4.15 Students' Overall Attitudes Towards Science	124
Figure 4.3 Gender Differences in Students' Overall Attitudes Towards Science	125
CHAPTER 5: TEACHERS AND INSTRUCTION	127
Who Delivers Science Instruction?	128
Table 5.1 Requirements for Certification Held by the Majority of Lower- and Upper-Grade Teachers	129
Table 5.2 Teachers' Reports on Their Age and Gender	130
Table 5.3 Teachers' Reports on Their Years of Teaching Experience	132
How Do Science Teachers Spend Their School-Related Time?	133
Table 5.4 Teachers' Reports on Average Number of Hours Science is Taught Weekly to Their Science Class	134
Table 5.5 Teachers' Reports on Whether Science is Taught Mainly as a Separate Subject	135
Figure 5.1 Percent of Students Who Are Taught Both Mathematics and Science by a Single Classroom Teacher	136

Table 5.6	Average Number of Hours Students' Teachers Spend on Various School-Related Activities Outside the Formal School Day During the School Week	137
Table 5.7	Teachers' Reports on How Often They Meet With Other Teachers in Their Subject Area to Discuss and Plan Curriculum or Teaching Approaches	139
Table 5.8	Teachers' Reports on Their Familiarity with National and Regional Science Curriculum Guides	140
How Are Science Classes Organized?		141
Figure 5.2	Teachers' Reports on What Factors Limit How They Teach Class	142
Table 5.9	Teachers' Reports on Average Size of Science Class	144
Figure 5.3	Teachers' Reports About Classroom Organization During Science Lessons	146
 APPENDIX A: OVERVIEW OF TIMSS PROCEDURES: SCIENCE ACHIEVEMENT RESULTS FOR THIRD- AND FOURTH-GRADE STUDENTS		
		A-1
History		A-1
The Components of TIMSS		A-1
Figure A.1	Countries Participating in Components of TIMSS Testing	A-4
Developing the TIMSS Science Test		A-5
Figure A.2	The Three Aspects and Major Categories of the Science Framework	A-7
Table A.1	Distribution of Science Items by Content Reporting Category and Performance Expectation	A-8
TIMSS Test Design		A-9
Sample Implementation and Participation Rates		A-9
Table A.2	Coverage of TIMSS Target Population	A-11
Table A.3	Coverage of 9-Year-Old Students	A-12
Table A.4	School Participation Rates and Sample Sizes - Upper Grade (Fourth Grade)	A-13
Table A.5	Student Participation Rates and Samples Sizes - Upper Grade (Fourth Grade)	A-14
Table A.6	School Participation Rates and Sample Sizes - Lower Grade (Third Grade)	A-15
Table A.7	Student Participation Rates and Samples Sizes - Lower Grade (Third Grade)	A-16
Table A.8	Overall Participation Rates - Third and Fourth Grades	A-17
Indicating Compliance with Sampling Guidelines in the Report		A-18
Figure A.3	Countries Grouped for Reporting of Achievement According to Their Compliance With Guidelines for Sample Implementation and Participation Rates	A-19

Data Collection	A-20
Scoring the Free-Response Items	A-21
Table A.9 TIMSS Within-Country Free-Response Coding Reliability Data for Population 1 Science Items	A-22
Test Reliability	A-23
Data Processing	A-23
Table A.10 Cronbach's Alpha Reliability Coefficients - TIMSS Science Test - Lower and Upper Grades (Third and Fourth Grades)	A-24
IRT Scaling and Data Analysis	A-25
Estimating the Link Between Fourth- and Eighth-Grade Performance	A-26
Table A.11 Science Performance at the Third, Fourth, Seventh, and Eighth Grades Based on the Population 2 (Seventh- and Eighth-Grade) Scale	A-27
Estimating Sampling Error	A-28
APPENDIX B: THE TEST-CURRICULUM MATCHING ANALYSIS	B-1
Table B.1 Test-Curriculum Matching Analysis Results - Science - Upper Grade (Fourth Grade)	B-3
Table B.2 Test-Curriculum Matching Analysis Results - Science - Lower Grade (Third Grade)	B-4
Table B.3 Standard Errors for the Test-Curriculum Matching Analysis Results - Upper Grade (Fourth Grade)	B-7
Table B.4 Standard Errors for the Test-Curriculum Matching Analysis Results - Lower Grade (Third Grade)	B-8
APPENDIX C: PERCENTILES AND STANDARD DEVIATIONS OF SCIENCE ACHIEVEMENT	C-1
Table C.1 Percentiles of Achievement in the Sciences - Upper Grade (Fourth Grade)	C-2
Table C.2 Percentiles of Achievement in the Sciences - Lower Grade (Third Grade)	C-3
Table C.3 Standard Deviations of Achievement in the Sciences - Upper Grade (Fourth Grade)	C-4
Table C.4 Standard Deviations of Achievement in the Sciences - Lower Grade (Third Grade)	C-5
APPENDIX D: ACKNOWLEDGMENTS	D-1
