School Questionnaire

Your school has agreed to participate in TIMSS Advanced 2015 (Trends in International Mathematics and Science Study), an educational research project sponsored by the International Association for the Evaluation of Educational Achievement (IEA). TIMSS Advanced measures trends in student achievement in advanced mathematics and physics and studies differences in national education systems in order to help improve teaching and learning worldwide.

This questionnaire is addressed to school principals and department heads who are asked to supply information about their schools. Since your school has been selected as part of a nationwide sample, your responses are very important in helping to describe the school system in <country>.

It is important that you answer each question carefully so that the information provided reflects the situation in your school as accurately as possible. Some of the questions will require that you look up school records, so you may wish to arrange for the assistance of another staff member to help provide this information.

Since TIMSS Advanced is an international study and all countries are using the same questionnaire, you may find that some of the questions seem unusual or are not entirely relevant to you or schools in <country>. Nevertheless, it is important that you do your best to answer all of the questions so comparisons can be made across countries in the study.

It is estimated that you will need approximately 30 minutes to complete this questionnaire. We appreciate the time and effort that this takes and thank you for your cooperation and contribution.

When you have completed the questionnaire, please place it in the accompanying envelope and return it to:

<Insert country-specific information here>.

Thank you.
1
What is the total enrollment of students in your school as of <first day of month TIMSS Advanced testing begins, 2015>?

_____________ students
*Write in the number.*

2
What is the total enrollment of <twelfth grade> students in your school as of <first day of month TIMSS Advanced testing begins, 2015>?

_____________ students
*Write in the number.*

3
Approximately what percentage of students in your school have the following backgrounds?

*Check one circle for each line.*

- 0 to 10%
- 11 to 25%
- 26 to 50%
- More than 50%

a) Come from economically disadvantaged homes

b) Come from economically affluent homes

4
Approximately what percentage of students in your school have <language of test> as their native language?

*Check one circle.*

- 50,001 to 100,000 people
- 30,001 to 50,000 people
- 15,001 to 30,000 people
- 3,001 to 15,000 people
- 3,000 people or fewer

B. Which best describes the immediate area in which your school is located?

*Check one circle.*

- Urban–Densely populated
- Suburban–On fringe or outskirts of urban area
- Medium size city or large town
- Small town or village
- Remote rural

6
What percentage of <twelfth grade> students in your school are taking each of the following?

*Write in the percent.*

a) <Advanced Mathematics> --- ______%

b) <Physics> --------------------- ______%
For the<twelfth grade> students in your school:

A. How many days per year is your school open for instruction?

__________ days
Write in the number.

B. What is the total instructional time, excluding breaks, in a typical day?

__________ minutes
Write in the number of minutes per day.
Please convert the number of hours into minutes.

C. In one calendar week, how many days is the school open for instruction?
